

Suicide or Survive

Donor Charter

As a charity seeking donations from the public we at Suicide or Survive aim to comply with the *Statement of Guiding Principles for Fundraising*.

We commit to treating all of our donors with respect, honesty and openness.

We commit to being accountable and transparent so that donors and prospective donors can have full confidence in Suicide or Survive.

We promise to effectively use donations for their intended purpose – to further the organisations mission and to achieve its vision. Where a donation is made or sought for a specific purpose we commit to using that donation for the purpose for which it was given.

We commit that we will do the following to be transparent and accountable to our donors/ prospective donors:

- Provide information on our mission, vision and values
- Provide information on how we use and intend to use funds donated to us
- Provide information on the identity of our Board Members
- Provide a signed statement of commitment from the Board that they will exercise prudent judgement in decisions made about the use of resources donated
- Provide access to our most recent financial statements
- Provide information on how resources donated were used
- Acknowledge and recognise donations made while respecting the right to privacy of our donors
- Handle information about donations made and those who have made them with respect and confidentiality
- Provide information about the status and authority of those seeking donations (i.e. whether they are volunteers, employees or hired third party agents)

- Record and publish in the Annual Report and Statement of Annual Accounts details of individual donations including donations in kind where we judge that those donations may be construed to have the potential to influence the independence of our decision making. Where anonymity is requested by a donor, this will be respected, however the other details of the donation will be recorded and published in a manner that respects the confidentiality of the donor.
- Where fundraising activities involve volunteer fundraisers we will ensure that SOS has a policy governing our relationship and communication with volunteers and how they are managed and that volunteers act in accordance with the SOS code of conduct.
- Have in place a policy and suite of procedures for receiving feedback and responding to complaints. These procedures include systems to ensure that ensure that all feedback is responded to and addressed within a specific timeframe and that responses given are truthful and forthright.
- Have in place an equality and diversity policy and adhere to its principles.
- Have our Annual Accounts externally audited on a yearly basis.
